- Receive a parent checklist to help you learn about the best care for your child.

**imprint area**

Give your children something that will last a lifetime—quality child care.

# Quality child care looks like...

- 1) Child care providers talk with children often and at their own level.
- 2) Parents and child care providers communicate daily about the children's well-being.
- 3) Child care providers are knowledgeable and have been trained to care for children.
- 4) Children are cared for in small groups and receive the attention they need from adults.
- 5) The child care space is clean and the care provider has plans in place to keep children safe and healthy.
- 6) A variety of activities are planned throughout the days that are interesting and right for each child.
